

Signs of Spring

Can you find these little signs that spring might be reappearing? Go on a walk and see what you can find.

Have you noticed the buds on the trees?
Do they feel sticky?

Have you noticed any spring flowers like
daffodils or snowdrops?

Have you noticed any little bunches of
eggs in the water that might be frog
spawn?

Have you noticed any plants poking out
the ground like nettles or bluebells?

Have you noticed any blossom on the
trees?

Have you seen the birds start to build
their nests?

Have you noticed any catkins on the
trees? They look like little caterpillars.

Have you noticed any baby animals like
lambs start to appear?
